

ROADMAP AND DETAILS

MOB DEFI

THE NEXT DECENTRALISED FINANCIAL EVOLUTION

MOB DEFI

Project Roadmap

WHY WE CHOSE SOLANA NETWORK!

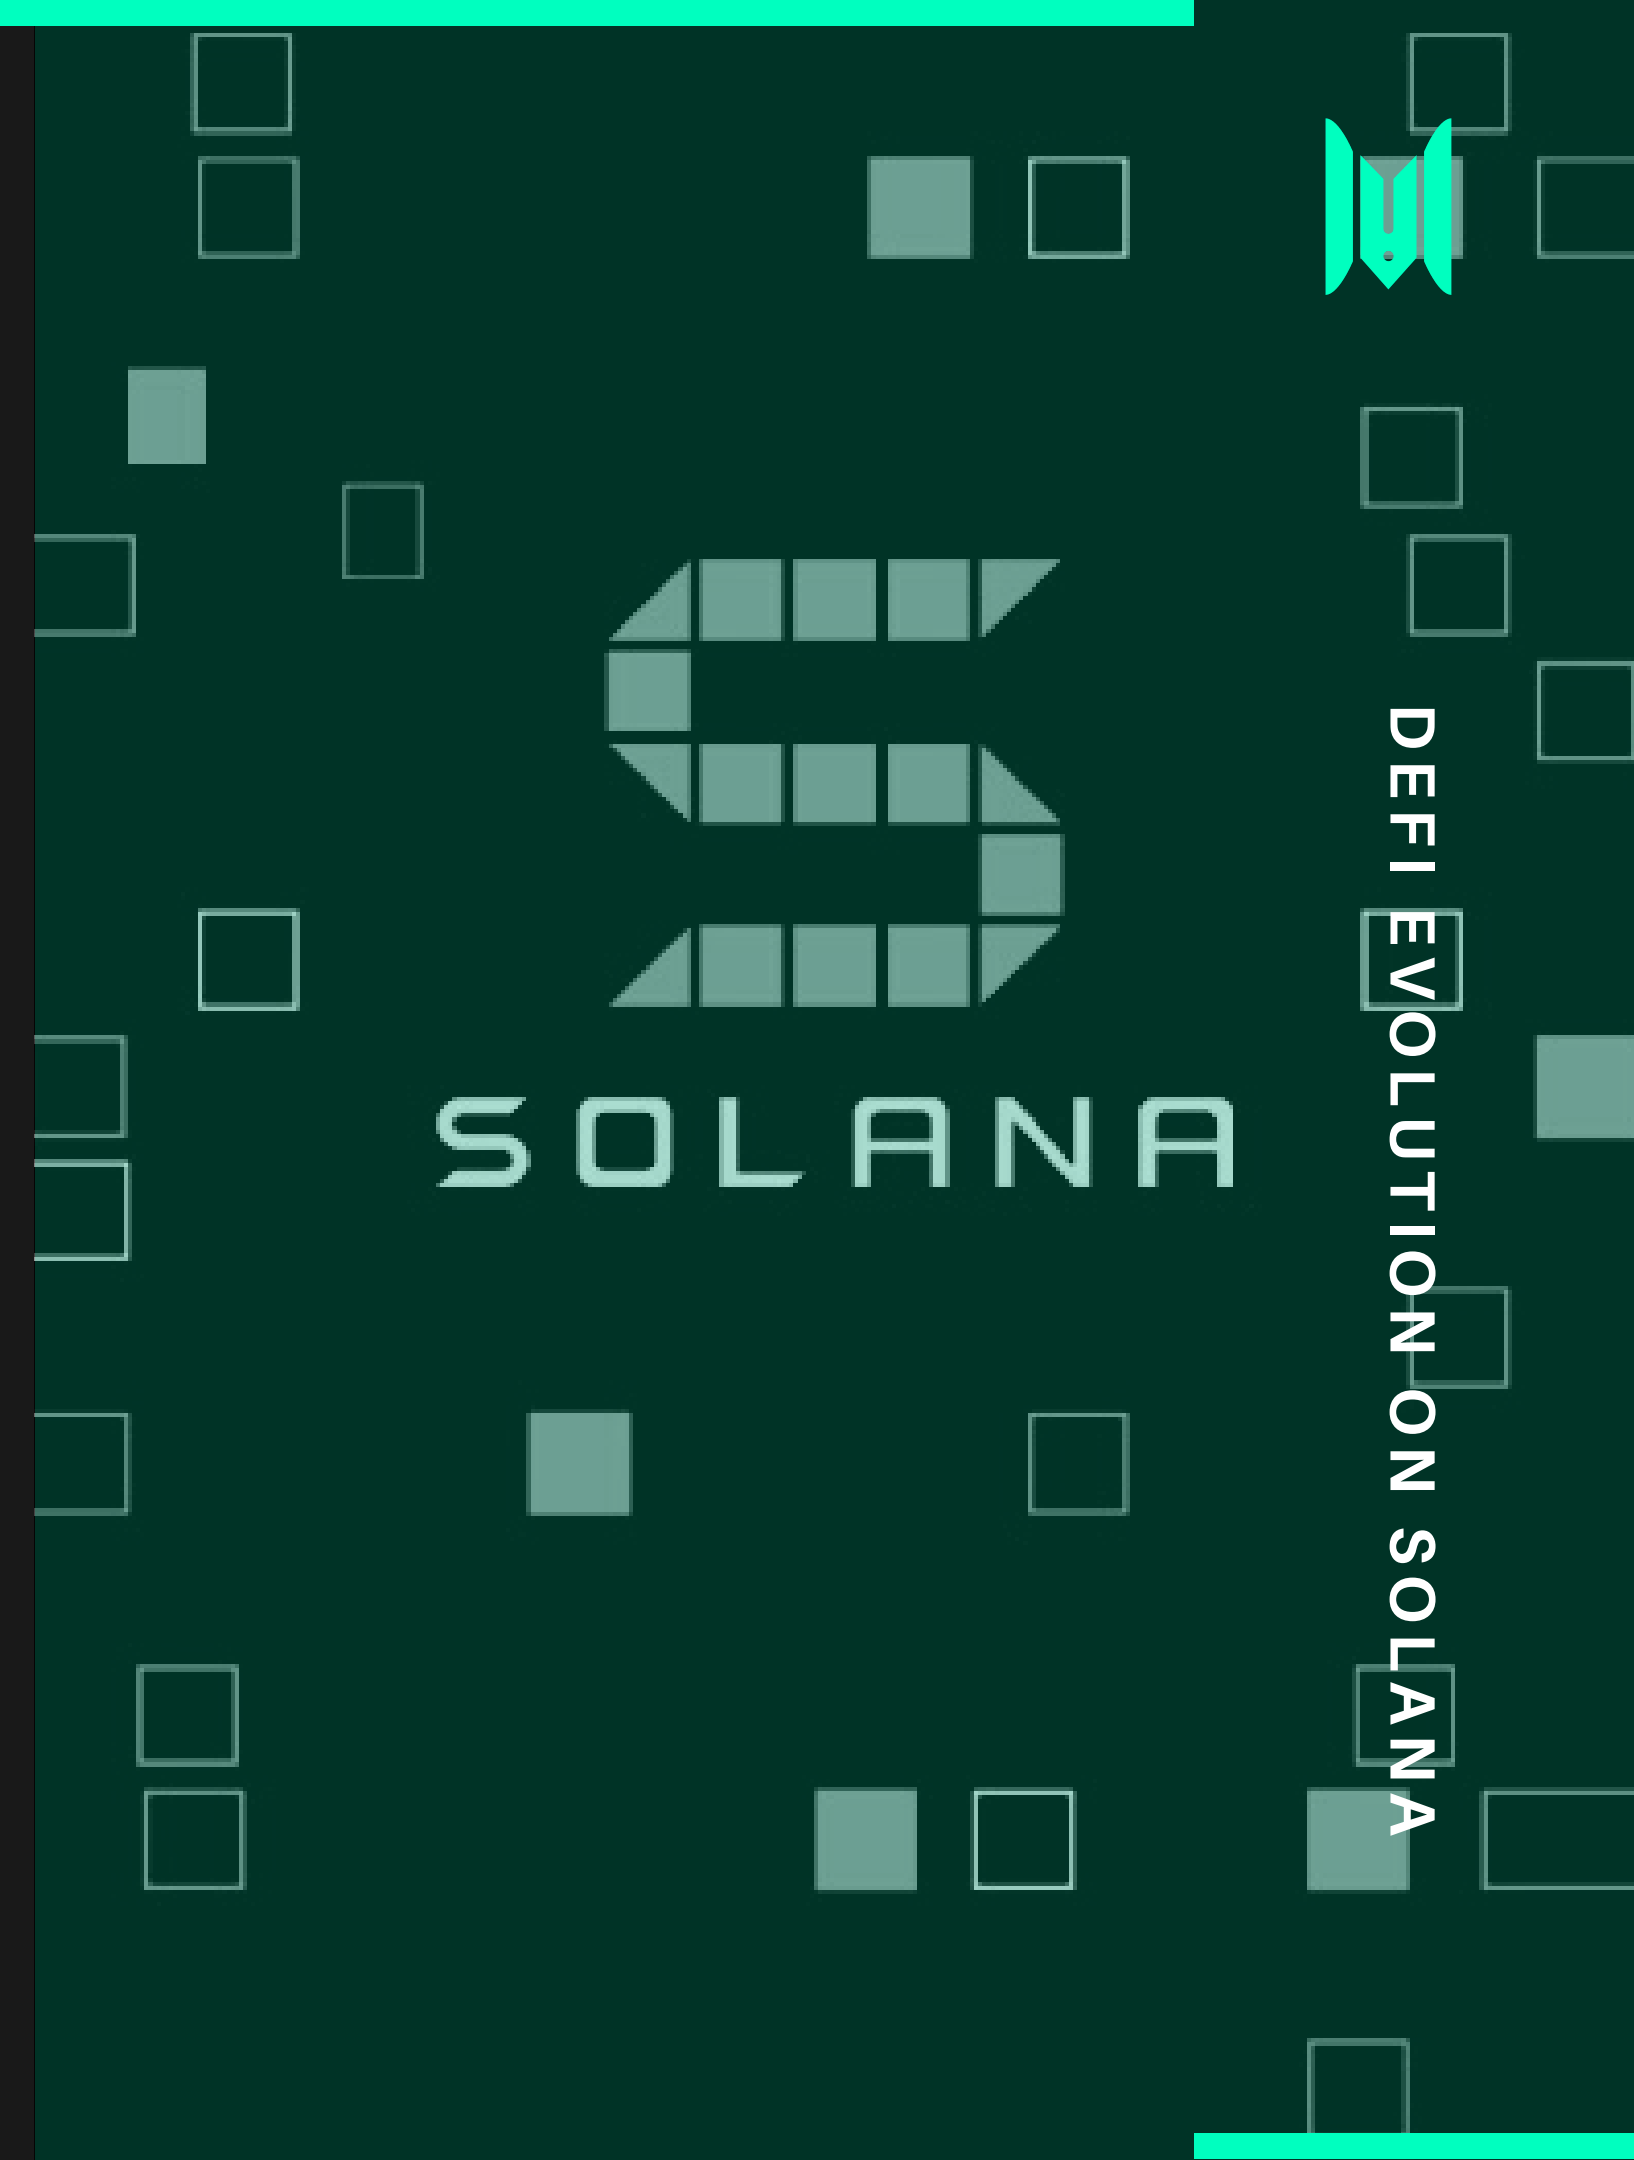

DECENTRALISED: no government control or censorship can shut it down

FAST: solana can process 50,000 transactions per second

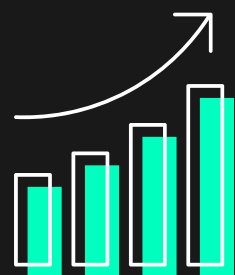

LOW COST: Lower transaction costs than any other network: \$0.00001 per transaction

CROSS CHAIN: solana was built to have less sharding and seamless communication between different networks

TRANSPARENT: Every transaction can be seen on the open ledger on solana network

Advantages of MOB DEFI

HIGH INTEREST RATES

Up to 15% APY. Traditional interest rates offer 1 - 2% APY

NO BORDER RESTRICTION

Unrestricted membership from around the world.

INSURED

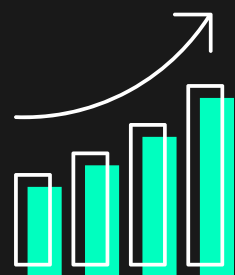

Decentralized insurance to protect assets and investments.

NO MINIMUM STAKING LIMIT

You can stake with any amount of SOL without bordering about limit
